CalHFA may sometimes disclose information to members of the public when required to do so by California Law, including the California Public Records Act (“PRA”). The PRA, however, generally exempts documents containing Personal Information from disclosure.

IV. Process for Collection of Personal Information

A. Single Family Borrower Mortgage Files

1. Loan Origination. CalHFA Single Family works with partner lending institutions (“Approved Lenders”) to offer low interest rate loans to moderate income Borrowers. The Approved Lender is the originating lender who funds CalHFA loans from the Approved Lender’s own resources. The Approved Lender is a company duly organized, validly existing, and properly licensed, as a mortgage banker, bank, savings and loan or credit union, or otherwise authorized to conduct business in each of the jurisdictions in which it originates, sells, and services residential mortgages, including California. Approved Lenders must apply to originate CalHFA loans, and must recertify, during which they must prove compliance with not only their current licensing, insurance requirements, and overall viability of the organization, but also procedures for protecting the Personal Information of CalHFA Borrowers. As the Approved Lender is the originator of the CalHFA loans and it is the party that collects Personal Information from CalHFA Borrowers. The Approved Lender is required to provide a privacy notice to CalHFA Borrowers at such time as Personal Information is collected. CalHFA employees make site visits to Approved Lenders to verify compliance.
2. Loan Servicing. CalHFA Single Family receives loan origination files from Approved Lenders for loans that are funded by the Approved Lender and purchased by CalHFA. If CalHFA then sells the loan on the secondary market, then no Personal Information is collected by CalHFA from the Borrower, and thus no additional privacy notice is required. If CalHFA portfolios the loan and services it in-house, then CalHFA Loan Servicing sends a Privacy Notice on Collection to the Borrower at least annually during such time that the loan is active and serviced in-house. A Privacy Notice on Collection is provided with all CalHFA forms used by CalHFA Loan Servicing requesting or collecting Personal Information. The web portal serving Borrowers with a CalHFA serviced loan contains a link to, or the actual text of, the Privacy Notice on Collection.
3. IPA Requests. Borrowers with in-house serviced active CalHFA loans may submit a request for copies of CalHFA maintained mortgage records by contacting CalHFA Loan Servicing. Borrowers with inactive CalHFA loans (*i.e.*, paid off or liquidated) or outside serviced loans may submit a request for copies of CalHFA maintained mortgage records by contacting the CalHFA Public Records Coordinator. The IPA request form includes a Privacy Notice on Collection. For details on how to submit an IPA request please refer to the [CalHFA Information Practices Act Policy](#).

4. Specific Purposes. CalHFA only collects Personal Information from Borrowers that is relevant to the specific purposes concerning servicing the loan or responding to IPA requests, and said purposes are enumerated at or prior to the time of collection.

B. Multifamily Tenant Occupancy Files

1. Loan Underwriting and Property Management. CalHFA Multifamily provides financing for multifamily projects. CalHFA Asset Management monitors multifamily projects while there is an outstanding deed of trust and/or regulatory agreement to ensure compliance with applicable provisions of state and federal law and with the regulatory agreement, to preserve value, provide long term quality affordable housing to Tenants, and protect bondholder's investments. The project owners and Management Agents are subject to the regulatory agreement and all loan documents related to the multifamily project.
2. Occupancy Monitoring. CalHFA Asset Management, Occupancy Unit, monitors the Section 8 part of the CalHFA multifamily portfolio. CalHFA Occupancy Unit employees may administer monthly vouchers, which are the subsidies from the U.S. Department of Housing and Urban Development ("HUD") for the rents. CalHFA Occupancy Unit employees are experts in the HUD regulations and handbook and they visit the Section 8 multifamily projects every year to review files to ensure compliance with the requirements of HUD. The Management Agent is required to obtain signed and dated HUD forms from Section 8 tenants at move in (lease signing) and at each annual recertification. These forms include a privacy notice. CalHFA Occupancy Unit employees verify compliance at the annual site visit.
3. Tenant Liaison. CalHFA collects no Personal Information from Tenants as part of the loan underwriting or property management processes discussed above except when an existing Tenant (who has already received a privacy notice from the Management Agent) contacts the CalHFA Asset Management Tenant Liaison (CalHFA employee) for assistance. The Tenant Liaison then verbally collects information from the Tenant, verbally recites the Privacy Notice on Collection to the Tenant, verbally obtains the Tenant's consent to share the information with the Management Agent and uses said information solely to resolve outstanding Tenant issues.
4. IPA Requests. Tenants may submit a request for copies of CalHFA maintained occupancy records by contacting the CalHFA Public Records Coordinator. The IPA request form includes a Privacy Notice on Collection. For details on how to submit an IPA request please refer to the [CalHFA Information Practices Act Policy](#).
5. Specific Purposes. CalHFA only collects Personal Information from Tenants that is relevant to the specific purposes concerning resolving outstanding Tenant issues that the Tenant has asked the Tenant Liaison to resolve, or responding to IPA requests, and said purposes are enumerated at or prior to the time of collection.

C. Employee Personnel Files

1. Human Resources. CalHFA Administration, Human Resources Unit, collects Personal Information from Personnel related to exams, hiring, payroll, attendance, alternate work schedules, leave benefits, reasonable accommodation, workers' compensation, equal

employment opportunity, emergency notification, etc. A Privacy Notice on Collection is provided with all CalHFA forms used by the CalHFA Human Resources Unit requesting or collecting Personal Information.

2. IPA Requests. Personnel may contact the CalHFA Human Resources Unit to make an appointment to view their official personnel file (“OPF”), and then flag any records they want copied, or submit a written request by contacting the CalHFA Public Records Coordinator. The IPA request form includes a Privacy Notice on Collection. For details on how to submit an IPA request please refer to the [CalHFA Information Practices Act Policy](#).
3. Specific Purposes. CalHFA only collects Personal Information from Personnel that is relevant to the specific purposes concerning employment or responding to IPA requests, and said purposes are enumerated at or prior to the time of collection.

V. Process for Providing Individuals with Access to Their Personal Information

The [Information Practices Act](#) places strict requirements on state agencies on the collection, use, maintenance, and dissemination of information relating to individuals. With specific exceptions, individuals may review, amend, correct, dispute, and obtain copies of information pertaining to themselves in state records. Procedures for individuals to access their Personal Information are outlined in the [CalHFA Information Practices Act Policy](#).

VI. Website Usage Privacy Policy and Notice

CalHFA collects domain names and Internet Protocol addresses from general website users. Domain names and Internet Protocol addresses are not considered Personal Information; however, they are considered “electronically collected Personal Information.” In addition, CalHFA collects more detailed information from general website users if a user voluntarily participates in an activity that asks for specific information (e.g., completing a request for assistance, sending an email, or participating in a survey). Web forms that collect Personal Information contain a link to, or the actual text of, the Privacy Notice on Collection. The CalHFA [Usage Policy](#) describes the collection, use, security, and access to information that may be obtained from general website users, and provides notice that by visiting the website, users accept the policies and practices described.

CalHFA uses session cookies which exist only for the life of the user’s session to CalHFA. The web application does not use persistent cookies and does not track user activity outside of the CalHFA site.

Website users have the right to have any electronically collected Personal Information deleted by CalHFA, without reuse or distribution, by emailing marketing@calhfa.ca.gov.

CalHFA does not distribute or sell, disclose, make available, or otherwise use electronically collected Personal Information about website users or visitors to any third party without the users’ consent, except as permitted by law.

Electronically collected Personal Information is exempt from requests made under the Public Records Act.
