RE: ADU Grant Funds

Hello,
Will CalHFA add additional funds to the ADU Grant Program? I have an ADU Grant application with CCEDA and it is currently under review and I was advised they are waiting to see if more funds will be added.

Thank you,
Jennifer Olguin

To the CalHFA Board,

My name is Koree Scott. I am a new homeowner in Escondido, CA, giving public comment on agenda item #13 - Update on Accessory Dwelling Unit program.

The \$40,000 ADU grant makes a big impact on an individual project. It could make the difference between my family being able to build an ADU, or not building an ADU at all. I'm excited that it is available, but I'm worried that the grant will run out and that I will not receive an award that I was depending on to build an ADU.

I'm glad that CalHFA has successfully deployed so much grant money. Now I just hope that there will still be enough funding for me to access the grant and convert my unused garage into a separate living space. If you have opportunities to further fund the ADU Grant Program, I support that decision.

To the CalHFA Board,

I'm a homeowner currently trying to build an ADU for my retirement. The process is long and confusing. Although I have secured a loan, given the time things are taking, it is surely insufficient to cover the costs.

The \$40,000 ADU grant could make the difference between my family being able to build an ADU, or not building an ADU at all. I'm excited that it is available, but I'm worried that the grant will run out and that I will not receive an award that I was depending on to build an ADU.

I'm glad that CalHFA has successfully deployed so much grant money. Now I just hope that there will still be enough funding for me to access the grant. If you have opportunities to further fund the ADU Grant Program, I support that decision.
