

California Housing Loan Insurance Fund

Financial Statements and Supplementary Information
for the Years Ended December 31, 2007 and 2006,
and Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
California Housing Finance Agency
Sacramento, CA

We have audited the accompanying balance sheets of the California Housing Loan Insurance Fund (the "Fund"), which is administered by the California Housing Finance Agency (the "Agency"), a component unit of the State of California, as of December 31, 2007 and 2006, and the related statements of revenues, expenses, and changes in fund equity, and of cash flows for the years then ended. The accompanying financial statements are the statements of the Fund and do not include the financial position or the results of the operations of the Agency. These financial statements are the responsibility of the management of the Agency. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the Agency's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

Deloitte + Touche LLP

April 23, 2008

CALIFORNIA HOUSING LOAN INSURANCE FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS YEARS ENDED DECEMBER 31, 2007 AND 2006

The California Housing Finance Agency (the "Agency") was created in 1975 by an act of the California Legislature and commenced operations in 1976. The Agency is a component unit of the State of California (the "State") and is included in the State's Comprehensive Annual Financial Report. The Agency is authorized to administer the activities of the California Housing Loan Insurance Fund (the "Fund"), the California Housing Finance Fund (the CHFF), and two State general obligation bond funds. The following Management Discussion and Analysis applies only to the activities of the California Housing Loan Insurance Fund and should be read in conjunction with the Fund's financial statements and the notes to the financial statements. The Agency is entirely self-funded and does not draw upon the general taxing authority of the State.

The Agency is authorized to use the Fund's assets as at-risk capital in support of mortgage insurance programs which finance the acquisition, new construction, or rehabilitation of residential structures in California. The Fund insures loans made by the Agency; loans made by lenders for securitization by the Federal National Mortgage Association (the FNMA), and Federal Home Loan Mortgage Corporation (the FHLMC); and loans made by localities, nonprofit agencies, and the California State Teachers' Retirement System. In conducting business the Agency is authorized to reinsure any risk undertaken by the Fund.

While the Fund is subject to the same statutory requirements as private mortgage insurance companies with respect to the maintenance of policyholders' surpluses, the Fund is exempt from regulatory control by the State Department of Insurance. The claims-paying ability of the Fund has been assigned a rating of A+ by Standard & Poor's.

Underwriting, acquisition, and issuance expenses are charged directly to the Fund as well as loss and loss adjustment expenses. Certain administrative and operating expenses, including office space, business services and supplies, legal services, accounting services, information technology support, and human resource support services, are provided by the Agency and indirectly charged to the Fund.

FINANCIAL HIGHLIGHTS 2007 – 2006

- Insurance in force has increased by \$616 million, or 31%, to \$2.6 billion as of December 31, 2007, compared to \$2 billion as of December 31, 2006. This increase in insured loans is primarily a result of a continued emphasis on the agency's programs.
- Operating income increased \$1.2 million to \$6.4 million during fiscal year 2007 compared to operating income of \$5.2 million during fiscal year 2006. The Fund remains financially strong and has fund equity of \$71 million at December 31, 2007, compared with \$64.6 million in 2006.
- Home mortgage delinquencies have been surging nationally, especially in relation to subprime mortgages. Although the Agency does not make subprime loans, the delinquency ratio for the insured portfolio increased to 3.3% in December 2007 or \$84.8 million, up from 1.5% or \$30.7 million in December 2006. Insurance claim payments were \$692,000 and \$107,500 in fiscal years 2007 and 2006, respectively.

- In response to rising concern of risks of increasing foreclosures, the Agency has increased its reserve for loan losses by \$3.5 million to \$4 million as a result of the Fund's increase in insurance in force and higher loss reserves required to cover potential delinquencies. The Agency continues to monitor delinquencies closely and is proactive in its attempts to mitigate losses.
- The Fund continued the services of the reinsurance treaty and administrative services agreement with Genworth Financial ("Genworth"), previously known as GE Mortgage Insurance Corporation (GEMICO). This insurance treaty cedes to Genworth a 75% quota share of the insurance risk and 64.5% of the premium collected for most loans insured by the Fund.
- Standard and Poor's Ratings Services (S&P) has downgraded its rating for many mortgage insurers recently because of concerns that rising unemployment and falling home prices could lead to more defaults. The California Housing Loan Insurance Fund has been one of the few insurers that S&P has taken no action on and has therefore maintained its A+ rating. In maintaining this rating S&P cited that although the insured portfolio is very geographically concentrated, disciplined underwriting guidelines have enabled it to generate strong underwriting profits.

Fiscal Year 2007 Compared to Fiscal Year 2006

Condensed Balance Sheets

The following table presents condensed balance sheets for the Fund as of December 31, 2007 and 2006, and the change from year to year (dollars in thousands):

	2007	2006	Change
ASSETS			
Cash, cash equivalents, and investments	\$ 72,994	\$ 64,096	\$ 8,898
Other assets	<u>3,583</u>	<u>2,591</u>	<u>992</u>
TOTAL ASSETS	<u>\$ 76,577</u>	<u>\$ 66,687</u>	<u>\$ 9,890</u>
LIABILITIES AND FUND EQUITY			
LIABILITIES:			
Unpaid losses and loss adjustment expenses	\$ 4,029	\$ 534	\$ 3,495
Unearned premiums	397	384	13
Accounts payable and other liabilities	<u>1,128</u>	<u>1,147</u>	<u>(19)</u>
Total liabilities	5,554	2,065	3,489
FUND EQUITY:			
Invested in capital assets	44	4	40
Restricted by statute	<u>70,979</u>	<u>64,618</u>	<u>6,361</u>
Total fund equity	<u>71,023</u>	<u>64,622</u>	<u>6,401</u>
TOTAL LIABILITIES AND FUND EQUITY	<u>\$ 76,577</u>	<u>\$ 66,687</u>	<u>\$ 9,890</u>

Assets—Total assets of the Fund were \$76.6 million as of December 31, 2007, an increase of \$9.9 million or 15% from December 31, 2006. Of the Fund's assets, more than 95% are represented by cash and investments. The Fund does not have a significant investment in capital assets.

Cash, cash equivalents, and investments were \$73 million as of December 31, 2007, an increase of \$8.9 million from December 31, 2006. The increase is primarily due to an increase in premiums earned, investment income and other revenues. The Agency invests the Fund's cash in the State's Surplus Money Investment Fund (SMIF). SMIF provides the Fund a variable rate of return and complete liquidity. Cash invested in SMIF is deposited within the State's Centralized Treasury System and managed by the State Treasurer.

Other assets were \$3.6 million as of December 31, 2007, an increase of \$992,000 or 38% from December 31, 2006. The increase is the result of more interest receivable and accounts receivable from premiums and litigation.

Liabilities—The Fund's liabilities were \$5.6 million as of December 31, 2007, an increase of \$3.5 million or 169% from December 31, 2006.

The reserve for unpaid losses and loss adjustment expenses was \$4 million as of December 31, 2007, an increase of \$3.5 million from December 31, 2006. The increase in the loss reserve is the result of the Fund's increase in insurance in force and higher loss reserves required to cover potential delinquencies. As of December 31, 2007, 331 insured loans with balances aggregating \$84.8 million were either reported as delinquent by the lender or delinquent but not reported. As of December 31, 2006, 132 insured loans with balances aggregating \$31 million were either reported as delinquent by the lender or delinquent but not reported.

Unearned premiums were \$397,000 as of December 31, 2007, an increase of \$13,000 from December 31, 2006. The increase was due to policy adjustments between the servicer and reinsurer. The expected trend of this account is to decrease over time due to a change in premium collection practices. Beginning in 1996, management adopted the mortgage insurance industry norm of collecting monthly premium payments in arrears for newly established loan insurance products as compared to past practices of collecting annual premiums in advance. As a result, each year a greater percentage of insured loans require monthly premium payments, which are earned when received, rather than annual payments, which are received in advance and deferred and earned over a one-year period.

Accounts payable and other liabilities were \$1,128,000 as of December 31, 2007, a decrease of \$19,000 from December 31, 2006. This decrease is largely attributable to amounts owed to the CHFF for administration costs.

Fund Equity—All of the Fund's equity is restricted or invested in capital assets. The Fund's equity is restricted pursuant to the Agency's enabling legislation. Total equity of the Fund grew by \$6.4 million as a result of increased premiums earned, investment income and other revenues.

Condensed Statements of Revenues and Expenses

The following table presents condensed statements of revenues and expenses for the Fund for the fiscal years ended December 31, 2007 and 2006, and the change from year to year (dollars in thousands):

	2007	2006	Change
OPERATING REVENUES:			
Premiums earned	\$ 18,201	\$ 12,405	\$ 5,796
Investment income	3,534	2,858	676
Other revenues	<u>1,985</u>	<u>230</u>	<u>1,755</u>
Total operating revenues	<u>23,720</u>	<u>15,493</u>	<u>8,227</u>
OPERATING EXPENSES:			
Loss and loss adjustment expenses	3,692	190	3,502
Operating expenses	13,623	10,076	3,547
Other expenses (benefits)	<u>4</u>	<u>2</u>	<u>2</u>
Total operating expenses	<u>17,319</u>	<u>10,268</u>	<u>7,051</u>
OPERATING INCOME	<u>\$ 6,401</u>	<u>\$ 5,225</u>	<u>\$ 1,176</u>

Operating Revenues—Operating revenues were \$23.7 million during fiscal year 2007 compared to \$15.5 million during fiscal year 2006, an increase of \$8.2 million or 53%.

Premiums earned in fiscal year 2007 increased by \$5.8 million or 47% compared to premiums earned in fiscal year 2006. The increase in premiums earned corresponds with the increase in insurance in force. Insurance in force was \$2.6 billion and \$2 billion as of December 31, 2007 and 2006, respectively.

Investment income increased \$676,000 to \$3.5 million in fiscal year 2007 from \$2.9 million in fiscal year 2006. This increase was due to the increase in the investment portfolio and the increase in interest rates. SMIF interest rates for the past two years are shown in the following table:

<u>Interest Payment Periods</u>	<u>Fiscal Year 2007</u>	<u>Interest Payment Periods</u>	<u>Fiscal Year 2006</u>
January - March	5.172%	January - March	4.032 %
April - June	5.235%	April - June	4.529
July - September	5.236%	July - September	4.926
October - December	4.955%	October - December	5.106

Other revenues increased \$1.76 million to \$1.99 million in fiscal year 2007 from \$230,000 in fiscal year 2006. This increase was due to the receipt of a portion of the amounts owed from defendants in certain litigation.

Operating Expenses—Total operating expenses were \$17.3 million during fiscal year 2007 compared to \$10.3 million during fiscal year 2006, an increase of \$7 million or 41%.

Loss and loss adjustment recoveries increased by \$3.5 million. The increase is attributable to the increase of new insurance written for higher loan sizes and the increase in required reserves to cover potential delinquencies.

The Fund's operating expenses were \$13.6 million during fiscal year 2007 compared to \$10.1 million during fiscal year 2006, an increase of \$3.5 million or 26%. The increase is primarily in ceded premiums to the reinsurer.

Operating Income—Operating income for fiscal year 2007 was \$6.4 million compared to \$5.2 million in fiscal year 2006, an increase of \$1.2 million. The increase in operating income is a result of the increase in earned premiums, an increase in investment income and an increase in other revenues.

Fiscal Year 2006 Compared to Fiscal Year 2005

Condensed Balance Sheets

The following table presents condensed balance sheets for the Fund as of December 31, 2006 and 2005, and the change from year to year (dollars in thousands):

	2006	2005	Change
ASSETS			
Cash, cash equivalents, and investments	\$ 64,096	\$ 58,842	\$ 5,254
Other assets	<u>2,591</u>	<u>1,940</u>	<u>651</u>
TOTAL ASSETS	<u>\$ 66,687</u>	<u>\$ 60,782</u>	<u>\$ 5,905</u>
LIABILITIES AND FUND EQUITY			
LIABILITIES:			
Unpaid losses and loss adjustment expenses	\$ 534	\$ 379	\$ 155
Unearned premiums	384	484	(100)
Accounts payable and other liabilities	<u>1,147</u>	<u>522</u>	<u>625</u>
Total liabilities	2,065	1,385	680
FUND EQUITY:			
Invested in capital assets	4	6	(2)
Restricted by statute	<u>64,618</u>	<u>59,391</u>	<u>5,227</u>
Total fund equity	<u>64,622</u>	<u>59,397</u>	<u>5,225</u>
TOTAL LIABILITIES AND FUND EQUITY	<u>\$ 66,687</u>	<u>\$ 60,782</u>	<u>\$ 5,905</u>

Assets—Total assets of the Fund were \$66.7 million as of December 31, 2006, an increase of \$5.9 million or 10% from December 31, 2005. Of the Fund's assets, more than 96% are represented by cash, cash equivalents, and investments. The Fund does not have a significant investment in capital assets.

Cash, cash equivalents, and investments were \$64 million as of December 31, 2006, an increase of \$5.3 million from December 31, 2005. The increase is primarily due to an increase in premiums earned and investment income. The Agency invests the Fund's cash in the State's Surplus Money Investment Fund ("SMIF"). SMIF provides the Fund a variable rate of return and complete liquidity. Cash invested in SMIF is deposited within the State's Centralized Treasury System and managed by the State Treasurer.

Other assets were \$2.6 million as of December 31, 2006, an increase of \$651,000 or 34% from December 31, 2005. The increase is the result of more interest receivable and accounts receivable from premiums.

Liabilities—The Fund's liabilities were \$2.1 million as of December 31, 2006, an increase of \$680,000 or 49% from December 31, 2005.

The reserve for unpaid losses and loss adjustment expenses were \$534,000 as of December 31, 2006, an increase of \$155,000 from December 31, 2005. The increase in the loss reserve is the result of the Fund's increase in insurance in force and higher loss reserves required to cover potential delinquencies. As of December 31, 2006, 132 insured loans with balances aggregating \$31 million were either reported as delinquent by the lender or delinquent but not reported, while 93 insured loans with balances aggregating \$17.2 million were reported or delinquent and not reported by lenders as of December 31, 2005.

Unearned premiums were \$384,000 as of December 31, 2006, a decrease of \$100,000 from December 31, 2005. The decrease in unearned premiums is the continuation of an expected trend due to a change in premium collection practices. Beginning in 1996, management adopted the mortgage insurance industry norm of collecting monthly premium payments in arrears for newly established loan insurance products as compared to past practices of collecting annual premiums in advance. As a result, each year a greater percentage of insured loans require monthly premium payments, which are earned when received, rather than annual payments, which are received in advance and deferred and earned over a one-year period.

Accounts payable and other liabilities were \$1,147,000 as of December 31, 2006, an increase of \$625,000 from December 31, 2005. This increase is largely attributable to amounts owed to the reinsurer and due to the CHFF for administration costs.

Fund Equity—All of the Fund's equity is restricted or invested in capital assets. The Fund's equity is restricted pursuant to the Agency's enabling legislation. Total equity of the Fund grew by \$5.2 million as a result of increased premiums earned and investment income.

Condensed Statements of Revenues and Expenses

The following table presents condensed statements of revenues and expenses for the Fund for the fiscal years ended December 31, 2006 and 2005, and the change from year to year (dollars in thousands):

	2006	2005	Change
OPERATING REVENUES:			
Premiums earned	\$ 12,405	\$ 7,081	\$ 5,324
Investment income	2,858	1,732	1,126
Other revenues	<u>230</u>	<u> </u>	<u>230</u>
Total operating revenues	<u>15,493</u>	<u>8,813</u>	<u>6,680</u>
OPERATING EXPENSES:			
Loss and loss adjustment expenses	190	76	114
Operating expenses	10,076	6,211	3,865
Other expenses (benefits)	<u>2</u>	<u>3</u>	<u>(1)</u>
Total operating expenses	<u>10,268</u>	<u>6,290</u>	<u>3,978</u>
OPERATING INCOME	<u><u>\$ 5,225</u></u>	<u><u>\$ 2,523</u></u>	<u><u>\$ 2,702</u></u>

Operating Revenues—Operating revenues were \$15.5 million during fiscal year 2006 compared to \$8.8 million during fiscal year 2005, an increase of \$6.7 million or 76%.

Premiums earned in fiscal year 2006 increased by \$5.3 million or 75% compared to premiums earned in fiscal year 2005. The increase in premiums earned corresponds with the increase in insurance in force. Insurance in force was \$2 billion and \$1.14 billion as of December 31, 2006 and 2005, respectively.

Investment income increased \$1.1 million to \$2.9 million in fiscal year 2006 from \$1.7 million in fiscal year 2005. This increase was due to the increase in the investment portfolio and the increase in interest rates. SMIF interest rates for the past two years are shown in the following table:

<u>Interest Payment Periods</u>	<u>Fiscal Year 2006</u>	<u>Interest Payment Periods</u>	<u>Fiscal Year 2005</u>
January - March	4.032 %	January - March	2.373 %
April - June	4.529	April - June	2.851
July - September	4.926	July - September	3.178
October - December	5.106	October - December	3.626

Operating Expenses—Total operating expenses were \$10.3 million during fiscal year 2006 compared to \$6.3 million during fiscal year 2005, an increase of \$4 million or 63%.

Loss and loss adjustment recoveries increased by \$114,000. The increase is attributable to the increase of new insurance written for higher loan sizes and the increase in required reserves to cover potential delinquencies.

The Fund's operating expenses were \$10.1 million during fiscal year 2006 compared to \$6.2 million during fiscal year 2005, an increase of \$3.9 million or 61%. The increase is primarily in ceded premiums to the reinsurer.

Operating Income—Operating income for fiscal year 2006 was \$5.2 million compared to \$2.5 million in fiscal year 2005, an increase of \$2.7 million. The increase in operating income is a result of the increase of earned premiums and an increase in investment income.

CALIFORNIA HOUSING LOAN INSURANCE FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2007 AND 2006

1. AUTHORIZING LEGISLATION AND ORGANIZATION

The California Housing Loan Insurance Fund (the “Fund”) is one of two continuously appropriated funds administered by the California Housing Finance Agency (the “Agency”). The Agency was created by the Zenovich-Moscone-Chacon Housing and Home Finance Act (the “Act”), as amended, as a public instrumentality, a political subdivision, and a component unit of the State of California (the “State”), and is in the State’s Annual Financial Report and administers the activities of the Fund and the California Housing Finance Fund (the CHFF). These funds allow the Agency to carry out its purpose of meeting the housing needs of persons and families of low and moderate income within the State. The Agency is authorized to insure mortgage loans and to issue bonds, notes, and other obligations to fund loans to qualified borrowers for single-family houses and multifamily developments. The Agency has no taxing power and is exempt from federal income taxes and state franchise taxes.

The accompanying financial statements are the statements of the Fund and do not include the financial position or the results of operations of the Agency. As of June 30, 2007, the Agency had total assets of \$9.5 billion and fund equity of \$1.3 billion (not covered by this independent auditors’ report).

The Agency is also authorized to use the Fund to provide mortgage insurance for loans made by the Agency and others which finance the acquisition, new construction, or rehabilitation of residential structures in California. Total risk in-force was \$959 million and \$770 million at December 31, 2007 and 2006, respectively. More than 83% of the insured first mortgage loans outstanding at December 31, 2007, have loan-to-value ratios, measured as of the funding date of the loan, equal to or greater than 90%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Accounting — The Fund is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (hereinafter referred to as “Generally Accepted Accounting Principles”), which differ from statutory accounting practices followed by insurance companies in reporting to insurance regulatory authorities.

Accounting and Reporting Standards — The Fund follows the Standards of Governmental Accounting and Financial Reporting, as promulgated by the Governmental Accounting Standards Board (GASB). The Fund has adopted the option under GASB Statement No. 20, which allows the Fund to apply all GASB pronouncements and only Financial Accounting Standards Board (FASB) pronouncements which date prior to November 30, 1989.

Use of Estimates — The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.

Cash and Cash Equivalents — The Fund considers cash on hand and cash on deposit with the State Controller's office other than the investment in the State's Surplus Money Investment Fund (SMIF) to be cash and cash equivalents.

Investments — The Agency invests the Fund's excess cash in SMIF, which represents a portion of the State's Pooled Money Investment Account (PMIA). These PMIA funds are on deposit within the State's Centralized Treasury System and are managed in compliance with the California Government Code, according to a statement of investment policy which sets forth permitted investment vehicles, liquidity parameters, and maximum maturity of investments. Investments in SMIF are recorded at fair value. The Office of the State Treasurer of California issues a Pooled Money Investment Board Report with information on the PMIA's portfolio composition. A copy of that report may be obtained from the Office of the State Treasurer, 915 Capitol Mall, Room 106, Sacramento, CA 95814 or via the internet at www.treasurer.ca.gov.

Deferred Policy Acquisition Costs — The Fund defers certain costs related to the acquisition of new insurance policies and amortizes these costs over the expected life of the policies. These costs are associated with the acquisition, underwriting, and processing of new policies. Deferred policy acquisition costs were \$460,170 and \$416,677 as of December 31, 2007 and 2006, respectively, and are included as part of other assets on the balance sheets.

Reserves for Unpaid Losses and Loss Adjustment Expenses — The Fund establishes reserves for losses and loss adjustment expenses, to recognize the estimated liability for potential losses and related loss expenses in connection with borrower default on mortgage payments. The liability for unpaid losses and loss adjustment expenses resulting from mortgage insurance is an estimate based upon the unpaid delinquent balance on mortgage loans reported by lenders as of the close of the accounting period, estimates of incurred but not reported (IBNR) claims and historical and expected frequency and loss severity information.

There is a high level of uncertainty inherent in the evaluation of the required loss and loss adjustment expense reserves. Management has selected frequency of claims paid and severity loss ratios that it believes are reasonable and reflective of anticipated ultimate experience. The ultimate costs of claims are dependent upon future events, the outcomes of which are affected by many factors. The Fund's claim-reserving procedures and settlement practices, economic inflation, court rulings, real estate market conditions, and many other economic, scientific, legal, political, and social factors all can have significant effects on the ultimate cost of claims.

Changes in operations and management practices may also cause actual developments to vary from past experience. Since the emergence and disposition of claims are subject to uncertainties, the net amounts that will ultimately be paid to settle the liability may vary significantly from the estimated amounts provided for in the accompanying financial statements. Any adjustments that may be material to reserves are reflected in the operating results of the periods in which they are made.

Fund Equity — Fund equity is classified as invested in capital assets or restricted equity. Invested in capital assets represents investments in office equipment and furniture net of depreciation. Restricted Equity represents equity that is restricted pursuant to the Agency's enabling legislation.

Operating Revenues and Expenses — The Fund's primary operating revenue is derived from premiums earned on private mortgage insurance written. The primary expenses are the expenses associated with the underwriting, acquisition, issuance, administration, and the reinsurance of private mortgage insurance products and policies.

Recognition of Premium Income — Primary mortgage insurance policies are contracts that are generally noncancelable by the insurer and provide payment of premiums on a monthly, annual, or single basis. Premiums written on a monthly basis are earned as coverage is provided. Premiums written on an annual basis are deferred as unearned premiums and amortized on a monthly pro rata basis over the year of coverage. Primary mortgage insurance premiums written on policies covering more than one year are referred to as single premiums. A portion of single premiums is recognized immediately in earnings, and the remaining portion is deferred as unearned premiums and amortized over the expected life of the policy.

Reinsurance — Effective March 1, 2003, the Fund entered into a reinsurance treaty and administrative services agreement with Genworth Financial (“Genworth”). This agreement cedes to Genworth a 75% quota share of the insurance risk for most loans insured by the Fund and provides for certain administrative services to be performed by Genworth. The Fund uses reinsurance to reduce net risk in force and optimize capital allocation.

Recent Accounting Pronouncements — In December 2004, GASB issued GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation — an amendment of GASB Statement No 34*, effective for periods beginning after June 15, 2005. GASB Statement No. 46 clarifies that a legally enforceable enabling legislation restriction is one that a party external to a government — such as citizens, public interest groups, or the judiciary — can compel a government to honor. The statement states that the legal enforceability of an enabling legislation restriction should be reevaluated if any of the resources raised by the enabling legislation are used for a purpose not specified by the enabling legislation or if a government has other cause for reconsideration. The Fund adopted the new standard for the fiscal year beginning January 1, 2006. Adoption of this standard did not have any material effect on the Fund’s financial statements.

3. INVESTMENT RISK FACTORS

There are many factors that can affect the value of investments. Some, such as credit risk, custodial credit risk, concentration of credit risk, and interest rate risk, may affect both equity and fixed income securities. Equity and debt securities respond to such factors as economic conditions, individual company earning performance, and market liquidity, while fixed income securities are particularly sensitive to credit risks and changes in interest rates. It is the investment policy of the Fund to invest substantially all of its funds in fixed income securities, which limits the Fund’s exposure to most types of risk.

Investments by type at December 31, 2007 and 2006, consist of the following:

	2007	2006
Surplus Money Investment Fund — State of California	<u>\$72,969,000</u>	<u>\$64,076,000</u>
Total Investments	<u>\$72,969,000</u>	<u>\$64,076,000</u>

Credit Risk — Fixed income securities are subject to credit risk, which is the chance that an issuer will fail to pay interest or principal in a timely manner or that negative perceptions of the issuer’s ability to make these payments will cause security prices to decline. Certain fixed income securities, including obligations of the U.S. government or those explicitly guaranteed by the U.S. government, are not considered to have credit risk. At December 31, 2007, the Fund does not have any investments exposed to credit risk.

Custodial Credit Risk — Custodial credit risk is the risk that in the event of the failure of the custodian, the investments may not be returned. At December 31, 2007, the Fund did not have any investments exposed to custodial credit. All investments are held by the State of California.

Concentration of Credit Risk — Concentration of credit risk is the risk associated with a lack of diversification, such as having substantial investments in a few individual issuers, thereby exposing the Fund to greater risks resulting from adverse economic, political, regulatory, geographic, or credit developments. At December 31, 2007, the Fund does not have any investments exposed to concentration of credit risk.

Interest Rate Risk — Interest rate risk is the risk that the value of fixed income securities will decline due to decreasing interest rates. The terms of a debt investment may cause its fair value to be highly sensitive to interest rate changes. At December 31, 2007, the Fund does not have any debt investments that are highly sensitive to changes in interest rates.

Effective Duration — The effective duration is the approximate change in price of a security resulting from a 100 basis points (1 percentage point) change in the level of interest rates. It is not a measure of time. The Fund's investments are not affected by effective duration.

4. RESERVES FOR UNPAID LOSSES AND LOSS ADJUSTMENT EXPENSES

The following tables summarize the changes in the reserves for unpaid losses and loss adjustment expenses for the years ended December 31, 2007 and 2006. The first table presents reserves on a gross basis (before reinsurance) and the second table presents the reserve on a net basis (after reinsurance). The total net reserve for loss and loss adjustment is reflected in the financial statements.

Gross	2007	2006
Gross reserve for loss and loss adjustment — beginning of year balance	\$ <u>2,133,288</u>	\$ <u>1,428,856</u>
Incurred (recovered) related to:		
Provision attributable to the current year	15,428,280	1,870,152
Change in provision attributable to prior years	<u>(774,148)</u>	<u>(1,058,185)</u>
Total incurred	<u>14,654,132</u>	<u>811,967</u>
Payments related:		
Current year	(418,496)	(98,901)
Prior years	<u>(273,212)</u>	<u>(8,634)</u>
Total payments	<u>(691,708)</u>	<u>(107,535)</u>
Gross reserve for loss and loss adjustment — end of year balance	\$ <u>16,095,712</u>	\$ <u>2,133,288</u>
Net of Reinsurance	2007	2006
Net reserve for loss and loss adjustment — beginning of year balance	\$ <u>534,186</u>	\$ <u>379,131</u>
Incurred (recovered) related to:		
Provision attributable to the current year	3,861,165	467,558
Change in provision attributable to prior years	<u>(168,729)</u>	<u>(278,178)</u>
Total incurred	<u>3,692,436</u>	<u>189,380</u>
Payments related:		
Current year	(129,432)	(32,167)
Prior years	<u>(68,302)</u>	<u>(2,158)</u>
Total payments	<u>(197,734)</u>	<u>(34,325)</u>
Net reserve for loss and loss adjustment — end of year balance	\$ <u>4,028,888</u>	\$ <u>534,186</u>

Reserves for loss and loss adjustment expenses relate to delinquent loans, net of reinsurance. Such estimates were based on historical experience, which management believed was representative of expected future losses at the time of estimation. As a result of the extended period of time that may exist between the report of a delinquency and claim payment thereon, significant uncertainty and variation exist with respect to the ultimate amount to be paid because economic conditions and real estate markets will change.

5. REINSURANCE

Effective March 1, 2003, the Fund entered into a 75% quota-share reinsurance agreement with Genworth to reinsure most (currently, approximately 96%) of the Fund's portfolio. Under the terms of this agreement, the reinsurer will indemnify the Fund for 75% of all losses paid on the insured loans to which the Fund cedes 64.5% of the related premiums. The Fund's reinsurance agreement typically provides for a recovery of a proportionate level of claim expenses from the reinsurer. The Fund remains liable to its policyholders if the reinsurer is unable to satisfy its obligations under the reinsurance agreement. The amount of earned premiums ceded to Genworth for the years ended 2007 and 2006 was \$11.7 million and \$7.9 million, respectively.

6. ARRANGEMENTS WITH THE CALIFORNIA HOUSING FINANCE FUND

Certain of the administrative and operating expenses charged to the Fund are provided by the Agency. These expenses, initially paid from the CHFF, include office space, business services, legal services, accounting services, information systems support, and human resource support services. The Fund is charged quarterly for these expenses. Amounts payable to the CHFF were \$374,940 and \$735,106 at December 31, 2007 and 2006, respectively. The increase in the amount payable at December 31, 2006, was due to a change in the reimbursement procedures. Total amounts receivable from the CHFF were \$340 and \$220,151 at December 31, 2007 and 2006, respectively. For the years ended December 31, 2007 and 2006, total expenses allocated to the Fund by the Agency were \$1,586,680 and \$1,247,481, respectively.

The Agency Board of Directors approved Resolution 03-19 on March 20, 2003, authorizing the Agency to utilize the resources of CHFF to support the mortgage guaranty insurance programs of the Agency in the following two ways: (1) the Executive Director of the Agency is authorized to create one or more supplementary reserve accounts within the Supplementary Bond Security Account of CHFF to indemnify the Mortgage Insurance Fund for losses incurred or to pay claims against the Mortgage Insurance Fund in connection with loans financed by the Agency and (2) the Executive Director of the Agency may establish an interfund credit agreement by which the Fund may borrow such sums from CHFF as may be required to maintain the claims paying rating of any credit rating service.

Subsequently, the Agency Executive Director established an interfund credit agreement in the amount of \$100,000,000 in which the Fund may borrow from CHFF as needed for the purpose of paying claims arising out of policies of mortgage guarantee insurance and costs and expenses related to the payment of such claims. Interest rates and repayment terms are determined upon receipt of a request to draw on this credit facility. The Fund had not requested a draw on this credit through December 31, 2007.

7. PENSION PLAN

The Fund contributes to the Public Employees' Retirement Fund (PERF) as part of the State of California, the primary government. The PERF is a cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employment Retirement System (CalPERS). CalPERS provides retirement, death, disability, and postretirement health care benefits to members as

established by state statute. CalPERS issues a publicly available Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for the Public Employees' Retirement Fund. A copy of that report may be obtained from CalPERS, Central Supply, and P.O. Box 942175, Sacramento, CA 95229-2715 or via the internet at www.calpers.ca.gov.

For the CalPERS fiscal years ended June 30, 2008, 2007, and 2006, the employer contribution rates were as follows:

	Fiscal Year Ended		
	June 30, 2008	June 30, 2007	June 30, 2006
State Miscellaneous Member First Tier	16.633%	16.997 %	15.942 %
State Miscellaneous Member Second Tier	16.565%	16.778	15.890

The Fund's contributions to the PERF for the years ended December 31, 2007, 2006, and 2005, were \$92,531, \$94,440, and \$104,062, respectively, equal to the required contributions for each year.

Required contributions are determined by actuarial valuation using the individual entry age normal cost method. The most recent actuarial valuation available is as of June 30, 2007, which actuarial assumptions included (a) 7.75% investment rate of return compounded annually, (b) projected salary increases that vary by duration of service, and (c) overall payroll growth factor of 3.25% annually. Both (a) and (c) included an inflation component of 3% and a 0.25% per annum productivity increase assumption.

The most recent actuarial valuation of the PERF indicated that there was an unfunded actuarial accrued liability. The amount of the underfunded liability applicable to each agency or department cannot be determined. Trend information, which presents CalPERS progress in accumulating sufficient assets to pay benefits when due, is presented in the June 30, 2007, CalPERS CAFR.

8. LITIGATION

On June 14, 2002 the Agency filed a complaint in the case of California Housing Finance Agency (CalHFA) v. Hanover California Management and Accounting Center Inc., (HC) et al, Orange County Superior court #02CC10634 (Action). The trial in this matter has concluded and the Agency prevailed on all causes of action. The jury awarded \$6.7 million in damages, prejudgment interest of \$1 million, and finally the jury found that the defendants acted with malice, and awarded total punitive damages of \$1.5 million. The defendants appealed the judgment and the Court of Appeal issued a decision affirming the judgment in full. The decision is now final.

The amounts received from the defendants were \$1,225,000 and \$230,000 during the year ended December 31, 2007 and 2006, respectively which is recorded as other revenue in the accompanying Statement of Revenues, Expenses, and Changes in Fund Equity. Although one additional amount of \$450,000 was received subsequent to December 31, 2007 and is recorded as an account receivable in the accompanying Balance Sheet. It is unknown at this time if additional amounts will be received and as such no gain contingency has been recorded.

Certain other lawsuits and claims arising in the ordinary course of business have been filed or are pending against the Fund. Based upon information available to the Agency, its review of such lawsuits and claims and consultation with counsel, the Agency believes the liability relating to these actions, if any, would not have a material adverse effect on the Fund's financial statements.
