Roseville Redevelopment Agency Awarded \$1.5 Million for Affordable Housing

SACRAMENTO, August 20, 2007- The California Housing Finance Agency's (CalHFA), Housing Enabled by Local Partnerships (HELP) Program has awarded the City of Roseville Redevelopment Agency \$1.5 million to help finance the development of affordable rental units.

The Redevelopment Agency will leverage the HELP Program financing by pooling it with other sources of affordable housing funds. The HELP funds will be used to assist with the development of 156 affordable residential units in a new multifamily rental complex within a master-planned subdivision. Units will be occupied by tenants with low household incomes along with support services to address the needs of these residents. This project will increase the availability of local affordable rental housing.

"Through our HELP program, we offer local governments low cost and flexible funding for use in creating more affordable housing," said Theresa Parker, CalHFA Executive Director. "The HELP Program makes it easy for localities, like the City of Roseville, to implement solutions for helping their citizens move into the housing they need and can afford."

California localities were awarded a total of \$7.5 million in this round of CalHFA's HELP financing. The following commitments were made to the other five localities:

<u>Local Government Entity</u>	<u>Commitment</u>
County of El Dorado	\$1,500,000
Town of Mammoth Lakes	\$1,500,000
City of Pleasanton	\$ 250,000

- more -

<u>Local Government Entity</u>	<u>Commitment</u>
City of Anaheim	\$1,250,000
City of San Buenaventura Redevelopment Agency	\$1,500,000

Since 1998, the HELP Program has partnered with 104 local government entities to fund \$166.6 million in low interest HELP loans to acquire, develop, rehabilitate, or preserve affordable rental or ownership housing. CalHFA funding provides additional resources to address localities' unmet affordable housing needs by using a competitive process to award loans with repayment terms of up to ten years at 3.5% simple interest. Through the HELP program, CalHFA offers two funding cycles of approximately \$7.5 million in the fall and spring of each year. Recipients of the semi-annual award are evaluated on six criteria: affordability, cost efficiency, maximization of benefits, implementation readiness, resource impact and comprehensiveness of program design.

The California Housing Finance Agency was created in 1975 to meet the housing needs of low and moderate income Californians. To date, HELP funding has contributed to the financing of nearly 20,000 units of affordable housing for Californians who are most in need.
