Program Bulletin #2003-04

To: CalHFA Approved Lenders

UPDATED TARGETED AREA CENSUS TRACTS

This Bulletin supersedes Exhibit D to the Homeownership Program Manual. The attached table provides an updated list of Qualified Census Tracts by county. They are based on the 2000 census that is designated by the federal government as Targeted Areas. Section 143 (j) of the Tax Act defines "Targeted Areas" as census tracts in which 70% or more of the families have income that is 80% or less of the statewide median family income.

In the Agency's Homeownership Program, borrowers obtaining first mortgages for acquisition of properties in these census tracts need not be first-time homebuyers. They may also qualify at higher income limits (See Program Bulletin #2002-05) and properties may have higher sales price limits (See Program Bulletin #2002-09).

Effective February 6, 2003, the Lender Access System (LAS) will convert to the 2000 Census and incorporate the attached list as Targeted Areas. Many new census tracts have been added as Targeted Areas, but some that were Targeted Areas in the 1990 Census are no longer eligible. CalHFA will allow loans currently registered in the system as Targeted Areas under the 1990 Census to be purchased under the old definition. All re-reservations will be subject to the 2000 census Targeted Area definitions.
