Chairperson comments:

- Acting Chair Gunning opened the meeting by congratulating Board member and CalHFA's new Executive Director Johnson Hall on her recent appointment to that position. He also thanked Cavier for his leadership and dedication to the Agency during the interim.

Executive Director comments:

- Acting Executive Director Cavier updated the Board that the U.S. Treasury deadline for submitting mortgage relief program proposals has been extended

from June 30 to July 31. Staff continues to develop the program with that deadline in mind, however, the Treasury has not yet provided guidance or responses to the Agency's questions and has not made available to HFAs the template or submission portal needed.

- CalHFA is considering using funds from the \$100 million it has received from the American Rescue Plan Act (ARPA) to pilot a mortgage relief program that would enable end-to-end testing of the system and allow for onboarding of loan servicers prior to main launch.
- The Governor signed legislation that allocates \$100 million to CalHFA for homebuyer programs and \$81 million to CalHFA for their ADU program, which is scheduled to launch in September. Term sheets are being finalized,

### PROJECT SUMMARY

2.	Legislative Districts	Congress:	CA-14 Jackie Speier	Assembly:	CA-22 Kevin Mullin	State Senate:	CA-13 Josh Becker
	<b>Brief Project Description</b>	<p><b>Kiku Crossing</b> (the “Project”) is a family new-construction, mixed income Project, consisting of one seven-story elevator-served residential building containing 225 residential units (including 2 manager’s units); there will be 66 studio units (380 sq ft), 41 1-bedroom units (529 sq ft), 59 2-bedroom units (784 sq ft), and 59 3-bedroom units (1,029 sq ft). The rents will be restricted between 30% and 80% of the San Mateo County Area Median Income (AMI). The Project also includes a five-story parking garage structure that includes 164 spaces reserved for use by tenants and 526 public spaces. The residential parcel (the Project) will be constructed on a 1.16-acre parcel that is owned by the City of San Mateo and will be ground leased to the Borrower. The City of San Mateo requires that the Borrower completes the offsite improvement of a City of San Mateo owned parcel across the street from the Project by demolishing the existing parking lot and building a new higher density parking structure that will serve both the Project and the public. There is also an existing building on the Garage site. Prior to construction loan closing, the city will relocate the existing commercial tenant and pay the associated relocation costs. The parking structure will be 221,725 sq ft and the City of San Mateo will retain ownership of the parking structure. The parking revenue from the 526 public parking spaces is not part of the Project’s underwriting. The Borrower will enter into an easement with the City of San Mateo to provide 164 spaces for exclusive residential use during the term of the ground lease. The spaces will be accessible by way of an 80-foot pedestrian bridge connecting the residential structure with the resident parking. The bridge will have secured access for residents only. Furthermore, the residential building will be all-electric and include rooftop photovoltaic (PV) array to offset the common electricity load. The building will achieve GreenPointRated (GPR) Gold or better.</p> <p><b>Financing Structure:</b> The Project’s financing structure includes tax-exempt bonds, a taxable tail, 4% tax credits, a CalHFA first lien permanent loan with HUD risk sharing, and a MIP loan. Locality funding includes funding from San Mateo County Affordable Housing Fund (AHF) and Housing Endowment and Regional Housing Trust (HEART) and the City of San Mateo Housing Funds and City of San Mateo Parking Fund. The project will be income averaged, pursuant to TCAC regulations.</p> <p><b>Tax Credits and/or CDLAC Status:</b> The developer was awarded 4% tax credits on August 11, 2021.</p> <p><b>Ground Lease:</b> The owner will enter into a ground lease agreement with the City of San Mateo for a term of 99 years for an amount of \$1 per annum for the land underlying the residential structure. There will not be any residual receipts repayment required on the ground lease. It is anticipated that all liens will be against the leasehold interest.</p>					

	<p><b>Project Amenities:</b> The Project includes a gated entry, surveillance cameras, community room, picnic area, laundry rooms, learning center, indoor bike parking and bike repair station, playground, elevator, and on-site resident services. Unit amenities will include air conditioning, window blinds, carpeting, storage closets, balconies/patios, dishwashers, garbage disposal, and free transit passes.</p> <p><b>Local Resources and Services:</b> The Project is located in a High Resource Area per TCAC's Opportunity Area Map. The Project is in close proximity to the following local amenities and services:</p> <ul style="list-style-type: none"> <li>• Grocery stores – within 0.5 miles</li> <li>• Schools – within 1 mile (elementary); within 1.5 miles (middle and high)</li> <li>• Public Library – within 0.5 miles</li> <li>• Public transit – within 0.5 miles</li> <li>• Retail – within 0.5 miles</li> <li>• Park and recreation – within 0.5 miles</li> <li>• Hospitals – within 0.5 of miles (urgent care)</li> </ul> <p>Non-displacement <u>and</u> No Net Loss: To the extent feasible, it is the Agency's priority to mitigate the overall effects on affordable housing availability that may arise from multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is new construction with no related demolition of existing affordable housing. No existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development.</p> <p><b>Commercial Space:</b> N/A</p>

<b>TOTAL DEVELOPMENT COST:</b>	<b>\$169,532,468</b>	<b>\$753,478</b>	<b>Per Unit</b>	

**Subsidy Efficiency:** \$8,969 Per MIP restricted unit

**Tax Credit Type(s), Amount(s), Pricing(s), and per total units:** 4% Federal Tax Credits: \$75,132,613 assuming estimated pricing of \$0.975 (\$333,923 per total unit).

**Rental Subsidies:** The Project will be subsidized by project-based vouchers. Eighty (80) units will be subsidized by San Mateo County's Project-Based vouchers under the Section 8 program for an initial term of 20 years with an automatic renewal for an additional term of 20 years. The rental subsidy contract will be administered by the Housing Authority of the County of San Mateo (HACSM).

**Other State Subsidies:** The Project will not be funded by other state funds.

**Other Locality Subsidies:** The Project will be funded by locality funds; the City of San Mateo has committed funding totaling \$10.50M, in the form of \$5.5M in a low-interest subordinate loan for the residential structure and \$5.0M in a 0% interest subordinate loan for the parking structure. The County of San Mateo has committed to provide AHF funding of \$5,185,817 and the regional housing trust fund has committed \$3.8M. The City is also providing a 99-year ground lease with annual land rent of \$1. Additional financial benefits will also be provided in the form of waived or delayed fees, impact fee credits, and authorization for accelerated construction.

**Cost Containment Strategy:** The developer selected its GC and architect based in part on their experience with cost management and engaged Waypoint Consulting for value engineering work. In addition, MidPen's internal design and construction teams regularly revisit policies to encourage efficiency in development. The developer and GC will maintain careful track of the critical development path in order to expedite the process to the extent possible and avoid costs associated with delay.

	<p><b>High-Cost Explanation:</b> The total development costs per unit is \$753,478 which is high for the state on average, but not for San Mateo County, which is in a HUD-designated high-cost area. The factors contributing to high costs are as follows:</p> <ol style="list-style-type: none"> <li>1) The City requires the Project to replace and increase public parking density, which adds an estimated amount of \$26M.</li> <li>2) Demolition/relocation/removal/installation of PG&amp;E's existing infrastructure, which adds an estimated amount of \$1.5M.</li> <li>3) Permit and impact fees, which adds an estimated amount of \$7M.</li> <li>4) Payment of prevailing wages and County/local employment targeting requirements, which adds an estimated amount of \$5M.</li> <li>5) Hazardous material mitigation, which adds an estimated \$1M.</li> </ol> <p>Deducting these costs results in an adjusted total development cost of approximately \$578,012 per unit.</p>
6.	Equity – Cash Out (estimate): Not Applicable

### TRANSACTION OVERVIEW

7.	<p><b>Proposal and Project Strengths</b></p> <ul style="list-style-type: none"> <li>• The Project was awarded 4% tax credits on August 11, 2021, which are projected to generate equity representing 43% of total financing sources.</li> <li>• The developer/sponsor has extensive experience in developing similar affordable housing projects and has experience with CalHFA.</li> <li>• The Project will serve low-income families ranging between 30% to 80% of AMI.</li> <li>• 80 units will be supplemented by the County's Project-Based vouchers under the Section 8 program administered by HACSM for a term of 20 years with an automatic option to renew for 20 years.</li> <li>• The locality has invested in the success of the Project as demonstrated by making no/low-interest loans totaling \$10.5M; providing a ground lease with nominal annual land rent; waiving building and plan check fees estimated to be worth \$1,962,214; allowing the Project to receive credit for on-site amenities worth \$250,000 against the Park-in-Lieu impact fee; authorizing concurrent construction of the residential and parking structures in order to reduce project costs by an estimated \$2.0M; and deferring payment of all impact fees until issuance of the certificate of occupancy in order to reduce construction loan interest.</li> <li>• The Project benefits from a density bonus as agreed upon with the locality, which will allow for the creation of a greater number of affordable units at a single site.</li> <li>• The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is approximately \$4.96M, which could be available to cover cost overruns and/or unforeseen issues during construction.</li> <li>• The exit analysis assumes a 3% increase in the cap rate and 2% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent loan and MIP loan.</li> </ul>
8.	<p><b>Project Weaknesses with Mitigants:</b></p> <p>Phase I dated 2/9/2021 identified environmental issues that include primary contaminants of potential concern in the soil and soil vapor that will need to be addressed during construction. The development budget includes an estimated amount of over \$1M for remediation. In addition, there is \$7,500 in the operating budget for on-going vapor monitoring for the residential building. See Section 28 for more detail. A final remediation plan is in the final approval stages. Evidence of environmental clearance must be provided and approved by CalHFA prior to permanent loan closing.</p>

9.	<b>Underwriting Standards or Term Sheet Variations</b>
	<p>For purposes of MIP subsidy efficiency analysis, the underwriting of the permanent first lien loan is typically required to be sized based on the maximum TCAC income and rent limits. Eighty-three (83) of the units (all 80% AMI units and all 1BR and 3BR units at 70% AMI) are underwritten at lower unit rents because the Market Study rents do not support TCAC's 10% below the weighted average rent on a dollar per square foot basis requirement (TCAC Section 10325(f)(1)(B) adopted December 21, 2020). In addition, thirty-five (35) of the 30% AMI units will be layered with project-based vouchers with unit rents below the TCAC maximum. The tenant rent portion established for these units are based on 30% of tenant household income but offset by contract rents that exceed the TCAC max. Adjusting the rents to maximum TCAC income and rent limits, would result in an increase of \$3 million in the permanent first lien loan. In order to facilitate project feasibility, staff is recommending an exception to the MIP subsidy efficiency requirement and to allow the project's permanent first lien loan underwriting be based on TCAC's market study requirements.</p>
10.	<b>Project Specific Conditions of Approval</b>
	<p>Approval is conditioned upon:</p> <ul style="list-style-type: none"> <li>• CalHFA requires that MIP affordability covenants be recorded in senior position to all foreclosable debt.</li> <li>• Prior to Construction Loan closing, receipt of a Lien Priority/Position Estoppel in form and substance acceptable by CalHFA from all City and County lenders.</li> <li>• The CalHFA loans will be secured against the leasehold interest in the land and fee interest in the improvements. All subordinate loans are to be secured in the same manner. However, if any lender encumbers both fee and leasehold interests in the land, the CalHFA loan documents will also secure in the fee and leasehold interests in the land. The final ground lease document is subject to CalHFA approval. Prior to construction loan closing, lessor must provide approval of CalHFA ground lease rider.</li> <li>• No site work or construction commenced prior to the issuance of a HUD Firm Approval Letter.</li> <li>• CalHFA will require the local funding regulatory agreements to contain provisions allowing rent increases to the maximum allowable rents if rental subsidies are no longer available or in an event of default.</li> <li>• The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.</li> <li>• The City is requiring the Borrower to encumber the Property by recording a Density Bonus Agreement. The Density Bonus Agreement is subject to CalHFA review and approval in accordance with Agency underwriting standards prior to construction loan and permanent loan closings.</li> <li>• Subject to all MIP program requirements pursuant to the term sheet.</li> <li>• The Borrower must enter into a Garage Easement Agreement for 164 parking spaces in the offsite parking structure and such Agreement is subject to review and approval by the Agency prior to construction loan closing.</li> <li>• The Borrower must enter into a Garage Maintenance Agreement for the 164 offsite parking spaces. Such Agreement is subject to review and approval by the Agency prior to construction loan closing.</li> <li>• Final environmental plan (RAW and Addendum) must be provided and approved by CalHFA prior to construction loan closing. In addition, evidence of environmental clearance, as applicable, must be provided and approved by CalHFA prior to permanent loan closing.</li> <li>• Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.</li> <li>• Subject to a seismic evaluation and approval by CalHFA. See Section 23 for more detail.</li> </ul>
11.	<b>Staff Conclusion/Recommendation:</b>
	<p>The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.</p>

### AFFORDABILITY

#### 12. CalHFA Affordability & Occupancy Restrictions

- The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 30% of the total units (67 units) at or below 60% AMI and 10% of the total units (23 units) at or below 50% of AMI for 55 years.
- The CalHFA MIP Subsidy Regulatory Agreement requires 10% of total units (23 units) at or below 50% of AMI and 10% of total units (23 units) between 60% and 80% of AMI with a minimum average of 70% of AMI for a term of 55 years. The rents for the 60% to 80% tranche will be determined by the minimum income limit of 70% of AMI, not to exceed 80% of AMI. The rents are calculated to comply with TCAC maximum rents (section 10325(f)(1)(B)), which is 10% below the weighted average of market rents, and no more than the weighted average unit value ratio for comparable market rate units on a square foot basis. This restriction impacts all units at 80% of AMI and the 1 and 3-bedroom units at 70% of AMI. The remaining 177 restricted units will be restricted at or below 120% of AMI. For underwriting purposes, the initial rents at permanent loan closing must be no less than the underwriting rent levels outlined on the "Unit Mix and Rent Summary" enclosed. In the event of default, the income and rent limits will be required to float up to the maximum allowable rent limits.

In addition, the Project will be restricted by the following jurisdictions as described below:

- The County will restrict 50 units at or below 50% of AMI, with 34 of these restricted at or below 30% of AMI, for a term of 55 years, including 22 homeless households (16 of which are associated with the County's loan and 6 additional homeless households associated with the County HAP funding).
- The City will restrict 110 units at or below 80% of AMI, with 3 of these at or below 60% of AMI and 35 of these at or below 30% AMI (for a term of 57 years). The City requires that rents for 35 units at 30% of AMI be set at 2020 maximum levels. In addition, the rents are no more than 20% of market.
- The Disposition, Development and Loan Agreement with the City includes a "live or work preference for the City of San Mateo," and that 25% of units (57 units) will have a public employee preference to employees who live or work in the City of San Mateo or, if such applicants do not fill 25% of units, it would be available to General Public Employees regardless of the location of their employment or residence, to the extent permitted by law. The density bonus will restrict 223 units at or below 110%, with 178 of these at or below 80% of AMI.

### FINANCIAL ANALYSIS SUMMARY

14. Capitalized Reserves:				
	Replacement Reserves (RR): N/A.			
	Operating Expense Reserve (OER):	\$1,447,414 OER amount is sized based on 3 months operating expenses, debt service, and annual replacement reserves deposits. CalHFA will hold this reserve. Per the USRM, the developer and property manager meet the criteria to reduce the OER from 3 months to 6 months, as the developer meets TCAC’s general partner and management experience requirements.		
	Transitional Operating Reserve (TOR):	N/A. Transition Operating Reserve is not applicable since the initial term of the Project Based Section 8 HAP Contract will be 20 years with an automatic renewal for an additional 20 years, which combined exceeds the term of CalHFA permanent first lien loan of 30 years. In addition, as a condition of CalHFA’s approval, CalHFA will require that the local funding regulatory agreements contain provisions allowing rent increases to the maximum TCAC rents if rental subsidies are no longer available. A portion of the capitalized OER will also be available to offset any potential revenue shortfalls.		
15. Cash Flow Analysis				
	1 <sup>st</sup> Year DSCR:	1.20	Project-Based Subsidy Term:	20 years with a 20-year automatic renewal
	End Year DSCR:	1.97	Annual Replacement Reserve Per Unit:	\$500/unit
	Residential Vacancy Rate:	5%	Rental Income Inflation Rate:	2.50%
	Subsidy Vacancy Rate:	5%	Subsidy Income Inflation Rate:	1.5%
	Non-residential Vacancy Rate:	N/A	Project Expenses Inflation Rate:	3.50%
			Property Tax Inflation Rate:	1.25%
<ul style="list-style-type: none"><li>An annual reserve of \$130,000 is included in the operating budget to cover potential costs associated with garage repairs such as lighting and access gate repairs. There is an additional \$107,000 in the operating budget to cover the project’s share for on-going maintenance associated with the parking garage.</li></ul>				

<b>16.</b>	<b>Loan Security</b>
The CalHFA loan(s) will be secured against the Fee Interest in the improvements and Leasehold Interest in the land.	
<b>17.</b>	<b>Balloon Exit Analysis</b> <b>Applicable:</b> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
The exit analysis assumes 2% increase in the cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent and subsidy loans.	

### APPRAISAL AND MARKET ANALYSIS

<b>18.</b>	<b>Appraisal Review</b> <b>BBG Inc.</b> <b>Dated: August 11, 2021</b>
<ul style="list-style-type: none"> <li>The Appraisal dated August 11, 2021, prepared by BBG, Inc., values the land at \$28,100,000.</li> <li>The cap rate of 4% and projected \$4.38M of net operating income, which is generally aligned with the proposed Project net operating income, were used to determine the appraised value of the subject site.</li> <li>The as-restricted stabilized value is \$110,000,000, which results in the Agency's first lien's loan to value of 60% and Agency's combined liens' loan (include MIP subsidy) to value of 65%.</li> <li>The capture rate and absorption rate are 1.66% and 9 months (20-30 units per month), respectively. The capture rate is generally consistent with the market study at less than 5%.</li> <li>While the 9-month absorption rate is a conservative estimate of almost twice the rate in the market study, it conforms with the anticipated construction and lease-up schedule in the underwriting.</li> <li>Vacancy for market rate apartments is 8.97% with net absorption totaling 95 units in the first quarter 2021 for the overall San Mateo/Burlingame Multi-Family market. The vacancy rate for projects surveyed for the appraisal ranged from 5% to 7%. The appraisal concluded a stabilized vacancy of 5% for the project as un-restricted.</li> <li>Occupancy rates for affordable properties averaged 99%, with waiting lists for all of the affordable properties surveyed. The appraisal concluded a stabilized vacancy rate of 5% and stated that this is a conservative estimate.</li> </ul>	
	<b>Market Study:</b> The Concord Group <b>Dated: February 12, 2021</b>
<p><b><u>Regional Market Overview</u></b></p> <ul style="list-style-type: none"> <li>The Primary Market Area is central coastal San Mateo County consisting to San Mateo, San Carlos, Burlingame, Hillsborough, Millbrae, Foster City, Redwood City, and Belmont (population of 336,802) and the Secondary Market Area ("SMA") is San Mateo County (population of (746,752)</li> <li>The general population in the PMA is anticipated to increase by 0.44% per year.</li> <li>Unemployment in the PMA is 6%. The 2019 Q4 rate was 1.7% while the 2020 Q4 rate was 5.1%. The increase is due to COVID-19 market effects and likely to put additional financial strain on low-income individuals and families, further increasing the need for housing for the target population that this project will serve.</li> </ul> <p><b><u>Local Market Area Analysis</u></b></p> <ul style="list-style-type: none"> <li><b>Supply:</b> <ul style="list-style-type: none"> <li>There are currently 6 affordable projects of which 3 are family, 2 are senior, and 1 is an SRO in San Mateo and they are effectively 100% occupied with "extremely low turnover" with "vacant until being actively and immediately filled from existing wait lists".</li> <li>There is one (1) affordable family project under construction in San Mateo and 6 other affordable rentals in the SMA that have received preliminary reservations from CTCAC. No anticipated completion date was provided in the report.</li> </ul> </li> <li><b>Demand/Absorption:</b> <ul style="list-style-type: none"> <li>The project will need to capture 4.3% of the total qualified household demand and 21% of affordable units in the PMA.</li> </ul> </li> </ul> <p>The affordable units are anticipated to lease up at a rate of 45 units per month and reach stabilized occupancy within 5 months of opening. This assumes that preleasing will begin 3 months prior to construction completion so that the project will be fully leased within 3 months of the scheduled February 2021 completion. An updated lease-up analysis is provided on the recent appraisal report referenced above.</p>

## MIXED-INCOME LOAN PROGRAM

The California Housing Finance Agency ("CalHFA" or "Agency") Mixed-Income Program ("MIP") provides competitive, long-term, subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product. The MIP resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of extremely low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

# MEMORANDUM

**To:** CalHFA Board of Directors

**Date:** September 7, 2021

**From:** CALIFORNIA HOUSING FINANCE AGENCY  
Timothy Hsu, Director of Single Family Programs

**Subject:** RESOLUTION 21-16: 2021-2022 Allocation of AB 101 Low- and Moderate-Income Funds

## 1. SUMMARY

AB 101 of 2019, as modified by AB 89 of 2020 and AB 128 of 2021, to finance low- and moderate-income housing. CalHFA staff, with input from stakeholders and in alignment with the Agency's broader inclusive communities strategy, has developed an allocation plan for the \$45 million to be received in FY 2021-22.

Staff is seeking board approval of this plan, as outlined in Resolution 21-16.

## 2. BACKGROUND

### 2019-20 State Budget

Housing trailer bill AB 101, signed by Governor Newsom on July 31, 2019, provided CalHFA with \$500 million to finance low- and moderate-income housing. In accordance with its legislative purpose, CalHFA has been deploying these funds as part of a comprehensive strategy to serve a broad range of incomes.

This is a one-time General Fund statutory appropriation and is to be used over multiple fiscal years.

AB 101 provided the following funding schedule per fiscal year:

- FY 2019–20: \$200 million
- FY 2020–21: \$95 million
- FY 2021–22: \$120 million
- FY 2022–23: \$85 million

### 2020-21 State Budget

Due to the fiscal constraints imposed by the COVID-19 economic crisis, AB 89, the Budget Act of

2020, reduced the AB 101 appropriation by \$250 million. The new multi-year schedule is as follows:

46

- FY 2019–20: \$200 million
- FY 2020–21: \$50 million
- FY 2021–22: \$0
- FY 2022–23: \$0

***Potential Federal Funding and Restoration of Cuts***

Pursuant to Section 8.28 of AB 89, if the State of California receives \$14 billion in flexible federal funding by October 15, 2020, \$45 million would be restored to the AB 101 low- and moderate-income appropriation. This would bring the FY 2020-21 total to \$95 million and the multiyear total to \$295 million. The cuts to FY 2021-22 and FY 2022-23 would not be restored even if California receives additional federal funds.

**2021-22 State Budget**

Despite the fact that the State of California did not receive the Federal Funds by October 15, 2020, the State subsequently did receive Federal Funds from the Coronavirus Fiscal Recovery Fund of 2021 (“Federal Coronavirus Funds”).

Pursuant to AB 128, the Budget Act of 2021, appropriated \$45 million, but not from the Federal Coronavirus Funds, for CalHFA to finance low- and moderate-income housing.

**3. ALLOCATION PLAN**

**Affordable Multifamily Housing for low- and moderate-income households to create inclusive communities**

- **\$45 million to create:**
  1. Affordable multifamily housing for low- and moderate-income households to create inclusive communities
    - Strengthen CalHFA’s permanent lending products
    - Align with any potentially new State Tax Credits
      - Regulatory requirements
      - Common application

RESOLUTION NO. 21-16

RESOLUTION AUTHORIZING 2021-2022 ALLOCATION OF SB2, AB 101 AND AB 128  
LOW- AND MODERATE-INCOME FUNDS

WHEREAS, The Building Homes and Job Act of 2017, also known as “**SB 2**”, provides a permanent source of funding through a new recording fee on real estate documents, in which 15% of revenues (the “**SB2 Funds**”), are annually dedicated to California Housing Finance Agency’s (“**CalHFA**”) creation and financing of affordable multifamily housing for low- and moderate-income households to create inclusive communities;

WHEREAS, CalHFA has to date received \$47,458,163.35 and \$73,803,342.68 in SB2 Funds, for the years 2019 and 2020, respectively;

WHEREAS, the 2019-20 Budget for the State of California (the “**2019-20 Budget**”) provided CalHFA with a one-time appropriation of \$500 million to be used over four years to finance low- and moderate-income housing (the “**AB 101 Funds**”) and up to \$200 million in Low-Income Housing Tax Credits for CalHFA’s Mixed-Income Program;

WHEREAS, the Legislative intent is for these funds to be used as part of broad mixed income strategy, including but not limited to augmenting CalHFA’s Mixed-Income Program, and the Legislature has expressed interest for innovative financing programs;

WHEREAS, due to the fiscal constraints imposed by the COVID-19 economic crisis, AB 89, the Budget Act of 2020 (the “**2020-21 Budget**”), reduced the AB 101 appropriation by \$250 million, which decreased the amount scheduled to be transferred to CalHFA for the 2020-21 Budget year by \$45 million, to \$50 million, unless the State of California received \$14 billion in flexible federal funding by October 15, 2020 (the “**Federal Funds**”);

WHEREAS, CalHFA staff, with input from stakeholders and in alignment with the Agency’s implementation of a broader mixed-income strategy, developed, and the Board approved, pursuant to Resolution 20-17, a plan for the funds allocated pursuant to the 2020-21 Budget, totaling \$50 million, or alternatively \$95 million if the Federal Funds were received by October 15, 2020, together with the funds received by the Agency pursuant to SB 2, to be deployed as part of various CalHFA programs to create and finance affordable multifamily housing for low- and moderate-income households to create inclusive communities (hereinafter “**Programs**” or “**Program**”), including but not be limited to CalHFA’s Mixed-Income Program;

WHEREAS, despite the fact that the State of California did not receive the Federal Funds by October 15, 2020, the State subsequently did receive Federal Funds from the Coronavirus Fiscal Recovery Fund of 2021 (“**Federal Coronavirus Funds**”), 50% of approximately \$26 billion in May 2021, with the balance to be provided in May 2022;

1 WHEREAS, pursuant to AB 128, the Budget Act of 2021 (the “**2021-22 Budget**”),  
 2 appropriated \$45 million, but not from the Federal Coronavirus Funds, for CalHFA to finance  
 3 low- and moderate-income housing.

4  
 5 WHEREAS, together with the funds received by the Agency pursuant to SB 2, this  
 6 additional \$45 million, shall be deployed for the Programs, consistent with Resolution 20-17.

# MEMORANDUM

**To:** CalHFA Board of Directors

**Date:** September 13, 2021

**From:** CALIFORNIA HOUSING FINANCE AGENCY  
Timothy Hsu, Director of Single-Family Programs

**Subject:** Resolution 21-17: ADU Grant Program (\$81M)

The Governor's 21/22 budget allocated CalHFA \$81 million from the American Rescue Plan Act of 2021 (ARPA) to provide qualified low-moderate income California households funding to build an Accessory Dwelling Unit (ADU). Low- and moderate-income households have been disproportionately impacted by the COVID-19 pandemic and its effects.<sup>1</sup> This funding is part of the Coronavirus State and Local Fiscal Recovery Fund authorized under ARPA, which provides \$350 billion to state local and Tribal governments to address economic fallout of the COVID-19 pandemic and lay the foundation for a strong and equitable recovery.

Resolution 21-17 requests the Board to consider allocating the \$81 million of ARPA dollars for a program to assist low-moderate income homebuyers by providing a \$25,000 grant for pre-development costs to build an ADU. A CalHFA Approved ADU lender will apply for the ADU grant and once approved the funds will be deposited directly to the construction escrow account. The ADU grant program serves to strengthen communities by increasing homeowner equity, intergenerational wealth building opportunities and stabilizing a homeowner's financial situation by creating an income producing ADU. The program will help stabilize neighborhoods having experienced negative economic impacts resulting from the pandemic, with a particular focus on serving socially disadvantaged areas such as Qualified Census Tracts (QCTs), as defined by the US Department of Housing and Urban Development (HUD).

# MEMORANDUM

**To:** Board of Directors

**Date:** September 15, 2021

**From:** CALIFORNIA HOUSING FINANCE AGENCY  
Francesc Martí, Director of Legislation and Policy

**Subject:** STATE LEGISLATIVE UPDATE

Last Friday was the last day of session in the State Legislature, which means any bill not passed by both houses is dead for the year. The Governor now has a month to sign or veto bills on his desk.

We were able to defeat early on any bills that specifically had a negative impact on CalHFA. AB 561 by Ting, which created a new ADU program, was amended months ago to remove CalHFA. The bill, which had been recently amended to simply require a study at STO, died during the end of session. We were also keeping an eye on SB 679, which would have created a Los Angeles HFA, but that one also died in the last few weeks of session.

Below is a non-exhaustive list of some bills of interest that passed this year.

**AB 105 (Holden) The Upward Mobility Act of 2021: boards and commissions: civil service: examinations: classifications**
