California Housing Finance Agency

Subject: Agenda Item 4 – Permanent Loan Increase for Marina Village, Project No. 21015

Action: CalHFA Senior Loan Committee has recommended that Chief Deputy Director, Rebecca Franklin, seek Board approval and permanent loan increase for the Marina Village Development by approving Resolution Number 25-21.

Development Information:

- On November 16, 2021, the CalHFA Board of Directors approved a $24,125,000 permanent tax-exempt loan and a $3,175,000 Mixed Income Program ("MIP") subsidy loan for Marina Village.
- Both the permanent loan (40-year amortization) and MIP subsidy loan (residual receipts) have terms of 30 years.
- Construction Financing closed February 2022 and construction was completed October 2024.
- During construction, the development experienced cost increases, which have resulted in a financing gap that is being partially mitigated by the proposed permanent loan increase of $2,412,500 (10% increase).
- Any permanent loan increase above 7% of the previously approved amount requires new approval by the CalHFA Board of Directors.

Project: Marina Village Apartments
Borrower: Marina Village Suisun Partners, L.P.
Total Units: 160 /Family New Construction
City/County: Suisun City, Solano County
Developer: Solano Affordable Housing Foundation
Managing General Partner ("MGP"): Suisun Housing Company, LLC (affiliated with Solano Affordable Housing Foundation)

Construction Lender: JPMorgan Chase Bank
Investor: R4 Capital LLC Affiliate
CalHFA Project #: 21015-A/X/N

Project Background

The Project is the new construction of eight three-story walk-up buildings that will contain 160 total units. There is also a community building that houses the manager's office. 159 units will be reserved for individuals and families earning 30% to 70% of AMI for the County of Solano. On November 16, 2021, the CalHFA Board of Directors ("Board") approved the final commitment under Resolution 21-22 for a $24,125,000 permanent tax-exempt loan (1st lien, 40 year-partially amortizing due in year 30) ("Permanent Loan") and a $3,175,000 CalHFA 2021 Mixed-Income Program ("MIP") 2nd lien residual receipts loan to finance the Project.

CalHFA secured a tax-exempt bond allocation for the construction financing of the Project in the amount of $35,449,000 from the California Debt Limit Allocation Committee ("CDLAC") on August 11, 2021. The Project also received an award of $32,502930 of 4% Federal tax credits and $7,460,688 of State tax credits on August 11, 2021, from the California Tax Credit Allocation Committee ("CTCAC").

The Final Commitment Letter ("FCL") was issued by the Agency on December 23, 2021, and was subsequently amended on December 30, 2024, to extend the permanent loan closing deadline to May 8, 2025. On April 23, 2025, CalHFA amended the FCL again to extend the permanent loan closing deadline to August 6, 2025.
The interest rate on the CalHFA 1st lien loan was locked at 3.93% on January 12, 2022.

Current Status and Request Summary

The construction financing closed on February 4, 2022. Construction was completed and certificate of occupancy was issued for the fifth and final phase in October 2024. The Project is expected to complete its 90-day stabilization requirement at the end of May 2025. The Project is expected to convert by July 2025. The Final Commitment Letter Permanent Loan closing deadlines were extended on December 30, 2024, from February 7, 2025, to May 8, 2025; and on April 23, 2025, from May 8, 2025 to August 6, 2025.

During the construction period there were increases to the development budget of approximately 12.0% over the original budget approved in the FCL, which necessitates submission to the CalHFA Board for its approval of the requested 10% increase in the Permanent Loan amount. In accordance with the Resolution 22-04, any increase above 7% of the permanent loan amount approved by the Board requires an additional approval by the Board.

CalHFA Permanent Loan Increase and new rate lock

The Project experienced increases to the development costs, that have fully expended the hard and soft cost contingencies. Delays in construction completion resulted in less NOI during construction as a funding source. The budget has also experienced increases in the variable interest rate of the construction loan. The variable interest rate on the JPMorgan Chase construction loan is tied to the 1-month Secured Overnight Financing Rate (SOFR). As the Federal Reserve increased the fed funds rate, the SOFR followed closely behind, which increased the expected interest carry significantly from construction close through expected permanent loan conversion. The project was originally underwritten with a rate of 2.30% (for the T/E Construction loan) and 3.00% (for the Taxable construction loan) and the most current rate is 6.22% (for the T/E Construction loan) and 6.93% (for the Taxable Construction loan). As a result, the project currently is facing a construction interest to permanent period financing gap of $4,667,078 (compared to Board approval numbers dated 11/16/21), which the Borrower is requesting to partially mitigate by requesting an increase in the CalHFA permanent loan amount. Other sources of gap financing include an Equity Bridge Loan (“EBL”) and a Development Deficit Loan (“DDL”). The EBL will be paid off when tax credit equity comes in at permanent conversion, and the DDL will remain on as a subordinate permanent loan. The DDL will have a Deed of Trust subordinate to all CalHFA debt and repayment will come from the developer’s share of residual receipts. The deferred developer fee increased from $7,166,861 to $11,383,501 ($4,216,640).

CalHFA Financing issued a blended rate of 4.24% on 4/15/2025 for the increased loan amount of $26,537,500. This rate is locked for permanent loan closing. If the loan amount changes or the project fails to close by August 6, 2025, the rate lock will expire and the new rate, if issued, will be at the sole discretion of the Agency.

Multifamily has completed the updated underwriting for the requested loan increase and determined that the Project can support a $2,412,500 (10%) increase to the permanent loan amount, previously approved by the Board, at current project rental rates and the 4.24% permanent loan interest rate and Debt Service Coverage Ratio (“DSCR”) of 1.30x for the permanent loan. Per the updated Appraisal dated 5/31/2025, the LTV is expected to be 89% and CLTV of 99%. The increase to the CalHFA permanent loan will cover a portion of the funding gap. The remaining funding gap will be resolved with an approximate ~$100,622 increase of tax credit equity, an Equity Bridge Loan of $1,436,905, a Development Deficit Loan (from the Developer) of $1,786,632, and a Builder’s Risk Insurance claim of $1,200,000 (described further below). The increased basis enabled the project to increase the developer fee by approximately $1,542,699. To mitigate cost increases further, the developer has deferred an additional $4,216,640 of the developer fee at CalHFA permanent loan closing. The result is a reduction in the cash developer fee at permanent closing of $2,673,941, compared to Board approval.

The largest of the cost increases are related to construction period loan costs because of increased construction interest reserve requirements due to escalating interest rates. Construction costs also increased significantly due to theft of electrical equipment, materials and tools and major vandalism to existing equipment. The vandalized equipment was specialized and reordering from the vendor took a long time. Additional GC general conditions costs, increased insurance premiums, and real estate taxes and assessments increased project costs. An analysis of changes of the sources and uses between Final Commitment Approval vs. current proposed Permanent Conversion is outlined below:

*The CalHFA Initial perm loan interest of 4.22% included a 0.25% underwriting cushion at board approval. The initial rate was locked at 3.93% on 1/12/2022.

Exception Request

CalHFA's underwriting standards require that the maximum DSCR not exceed 1.20 in year 1 for projects that include CalHFA subordinate or other subordinate financing. At final commitment approval, the 1st year DSCR was 1.15. The DSCR for this project is now 1.30 in year 1. This is attributed to the permanent loan amount being limited to the 90% loan-to-value cap ("LTV"). As the proposed DSCR is still within TCAC's limits for subsidy layering review of 1.35, an exception to policy is being requested to allow for the 1.30 DSCR in Year 1, in lieu of exceeding loan-to-value limits.

Developer Relationship Background

The Developer, Solano Affordable Housing Foundation, is a non-profit entity with a limited range of experience including construction of multifamily and rental housing. The Developer had CalHFA provide conduit issuance for tax exempt bonds to finance two projects: 1) Calms at Burgess Point; and 2) Longshore Cove Apartments. Asset management reports that both projects have been responsive and have been compliant in every respect.

Status of CalHFA Construction Pipeline Projects:

Other than the subject property, Solano Affordable Housing Foundation does not have other projects in CalHFA's construction pipeline.

Recommendation:

The purpose of this request is to approve the following changes to the Project's financing and issue a third amendment to the CalHFA Final Commitment Letter:

1) Allow the increase of the CalHFA permanent first lien loan from the current commitment amount of $24,125,000 to $26,537,500 at an interest rate of 4.24%. This increase is 10% above the $24,125,000 amount approved by the Board on 11/16/21.

Recommended for approval by Senior Loan Committee for further recommendation to the Board for its approval:

Brief Project Description

Marina Village Apartments (the "Project") is a new family mixed income Project, consisting of 8 residential buildings of 3 stories walk-up and one community building. There will be 160 total units, 159 of which will be restricted between 30% and 70% of the Solano County Area Median Income (AMI). There will be 39 one-bedroom units (600 s.f.), 55 two-bedroom units (980 s.f.), 50 three-bedroom units (1,100 s.f.) and 16 four-bedroom units (1,450 s.f.). One two-bedroom will be served as the manager's unit. The site is currently vacant, and the project is not located in a disaster area and is not a part of locality's disaster recovery strategy/plan.

Financing Structure: The Project's financing structure includes tax-exempt bonds, a taxable tail, recycled tax-exempt bonds, 4% tax credits, state tax credits, a CalHFA tax-exempt permanent loan with HUD risk sharing, a CalHFA MIP loan and a sponsor-funded Bridge Loan. The project will be income averaged, pursuant to TCAC regulations.

Tax Credits and/or CDLAC Status: The developer received an allocation for 4% tax credits from TCAC and bond cap from CDLAC on 8/11/21.

Ground Lease: N/A.

Project Amenities: The Project includes a community room, laundry rooms and outdoor picnic and recreational areas. Unit amenities will include central heating and air, dishwasher, garbage disposal and free internet service. On site resident services will be available to tenants, refer to section 33 for more information.

Local Resources and Services: The Project is located in a Low Resource area, per TCAC's Opportunity Area Map. The Project is in close proximity to the following local amenities and services:

- Grocery stores –.5 miles
- Schools - .4 miles
- Public Library – 1 mile
- Public transit – bus stop adjacent to the site
- Retail - .3 to 1 mile
- Park and recreation - .4 miles
- Hospitals – 1 mile

Non-displacement and No Net Loss: To the extent feasible, it is the Agency's priority to mitigate the overall effects upon affordable housing availability that may arise from

		multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is a new construction project, with no related demolition of existing affordable housing, hence no existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development. **Commercial Space:** The Project does not include commercial space.

MISSION

3.	**CalHFA Mission/Goals**	
This Project and financing proposal provide 159 units of affordable housing with a range of restricted rents between 30% AMI and 70% of AMI which will support much needed rental housing that will remain affordable for 55 years.

TRANSACTION OVERVIEW

7. Proposal and Project Strengths

- The Project anticipates receiving 4% federal and state tax credits which is projected to generate equity representing 49% of total financing sources.
- The developer/sponsor has experience in developing similar affordable housing projects.
- The Project will serve low-income families ranging between 30% to 70% of AMI.
- The rents are affordable to families at 27% to 69% of market and 27% of the units are at or below 40% AMI.
- The Loan-to-Value will be 89%, which meets the Agency's minimum requirements, providing less risk to the Agency.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is $3,221,896, which could be available to cover cost overruns and/or unforeseen issues during construction.
- The exit analysis assumes 7% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent first lien and subsidy loans.

8. Project Weaknesses with Mitigants:

None

9. Underwriting Standards or Term Sheet Variations

For purposes of MIP subsidy efficiency analysis, the underwriting of the permanent first lien loan is typically required to be sized based on the maximum TCAC income and rent limits. The developer is requesting an exception to this requirement and instead has requested that project rents for 32 of the units be limited to 15% below TCAC regulated maximum rents. This is a condition required by the investor to ensure that the income average is at 58% of AMI (60% is the maximum), which mitigates the Project's risk of losing tax credits during the compliance period pursuant to income averaging requirements. The income for these 32 units average 42% below market rents for similar units vs. average of 32% below market rents if TCAC maximum rents are used. This request does not include the 10% of total units (16 units) restricted between 60% and 80% AMI as required by the MIP term sheet. To facilitate project feasibility, staff is recommending an exception to the MIP subsidy efficiency requirement to allow the project's permanent first lien loan underwriting to align with the investor's requirements.

10. Project Specific Conditions of Approval

Approval is conditioned upon:

- No site work or construction commenced prior to the issuance of a HUD Firm Approval Letter.

- Receipt of LPA evidencing equity investor's requirements that the residual receipt split must be modified to 100% towards the earlier of repayment of DDF or 15 years. In addition, the owner must provide evidence of investor approval of the total deferred developer's fee structure and residual receipt split.
- The total deferred developer's fee of $7,166,861 will not be fully repaid by year 15 per project cashflow, therefore the owner must provide evidence of investor approval of the total deferred developer's fee structure. The developer has confirmed that they will forgo any outstanding developer fee in year 15 and treat the amount as a developer's contribution. This condition will be documented in the investor commitment letter and/or LPA.
- CalHFA requires that MIP affordability covenants be recorded in senior position ahead of any foreclosable debt.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
- Approval of plan check prior to construction loan closing.
- Approval of NEPA prior to construction loan closing

11. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

AFFORDABILITY

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AM for 55 years.

*The CalHFA MIP Subsidy Regulatory Agreement requires 10% of total units (16 units) be restricted at or below 50% of AMI and 10% of total units (16 units) be restricted between 60% and 80% of AMI with a minimum average of 70% of AMI for a term of 55 years. The rents for the 60% to 80% tranche and the applicable target occupancy are required to be sized and determined by the minimum income limit of 70% of AMI and TCAC maximum rent limits, however, the developer is requesting an exception to this requirement and instead to allow the project to underwrite the rents for 32 of the 70% of AMI units to 60% of AMI. This is a condition required by the investor to ensure that the income average is at 58% of AMI. . The remaining 127 units will be restricted at or below 120% of AMI. For underwriting purposes, the initial rents at permanent loan conversion must be no less than the underwriting rent levels outlined on the "Unit Mix and Rent Summary" enclosed.

Rent Limit Summary Table

AMI	Total	Studio	1-bdrm	2-bdrm	3-bdrm	4-bdrm	% of Total
30%	16	-	4	4	4	4	10.0%
40%	28	-	28	-	-	-	17.5%

The average affordability restriction is 60% of AMI. Per investor conditions, 4 1BRs and 28 2BRs are restricted at 70% of AMI and underwritten with rents that are determined based on 60% of AMI to ensure that actual rents average 58% of AMI and not at-risk of exceeding the 60% of AMI threshold under LIHTC's income averaging rule.

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review — **Dated: September 17, 2021**

- The Appraisal dated September 17, 2021, prepared by Watts, Cohn and Partners, Inc., values the land at $2,000,000 with entitlements and the As-Is Market Value is $1,980,000.
- The cap rate of 5.0% and the projected net operating income is $1.36M, which is $70k lower than underwritten net operating income. This is because the utility allowances in the appraisal were based on 2020 estimates. The Housing Authority updated the utility allowances, which are used in the current underwriting.
- The as-restricted stabilized value is $27,250,000, which results in the Agency's permanent first lien loan(s) to value of 89%.
- The absorption rate is 5 months (30 units per month) and generally consistent with the market study.

Market Study:	Novogradac	**Dated: March 10, 2021**

Regional Market Overview

- The Primary Market Area is the city of Suisun City and the central portion of the city of Fairfield (population estimated to be 93,196 at market entry) and the Secondary Market Area ("SMA") is Vallejo-Fairfield, CA Metropolitan Statistical Area (MSA) which consists of Solano County (population estimated to be 453,408 at market entry)
- The general population in the PMA is anticipated to increase by 0.5% per year.
- Unemployment for the PMA was not provided and was 8.8% in the SMA. The study states that the increase in unemployment compared to previous years is "due to the stay-at-home orders issued by the governor… as a result of the ongoing COVID-19 pandemic. It is reasonable to assume that some of these jobs may return as the state reopens and the pandemic ends."

Local Market Area Analysis

- **Supply:**
  - There are currently 14 family projects in the PMA and of the projects with occupancy and wait list data available. All, with the exception of one project, are 100% occupied with long wait lists. The exception project is 97% occupied and does not maintain a wait list.
  - While the market study was undertaken, Novogradac inquired but received no information from either Suisun City or the City of Fairfield regarding affordable projects under construction or proposed.
- **Demand/Absorption:**
  - The project will need to capture 10.2% of the total demand for family units of the Subject's bedroom types in the PMA. The affordable units are anticipated to lease up at a rate of 30 units per month and reach 97% stabilized occupancy within 5 months of opening.

DEVELOPMENT SUMMARY

Mixed-Income Project Occupancy Requirements (Continued)	**MAXIMUM ALLOWABLE RENTS:** Rents for all restricted units must be at least 10% below market rents as evidenced by a current Market Study or an Appraisal. CalHFA

MEMORANDUM

To: Board of Directors **Date:** July 17, 2025

From: Ellen Martin, Director of Homeownership
Nick Kufasimes, Housing Finance Chief
California Housing Finance Agency

Subject: Agenda Item 5 – Request for Reallocation of Senate Bill 129 Funding

Recommendation

CalHFA staff respectfully request the following Board actions:

- Approve Resolution Number 25-22 authorizing the reallocation of uncommitted funds, repayments and accrued interest from the Forgivable Equity Builder Loan Program to the State Route 710 Affordable Sales Program.

Summary and Introduction

The Budget Act of 2021 (SB 129) allocated CalHFA $100 million from the General Fund for the purpose of providing homebuyer assistance. In January 2022, the CalHFA Board of Directors approved Resolutions 22-01 and 22-02 allocating these funds as follows:

- **State Route 710 Affordable Sales Program**: **$12 million** of the $100 million General Fund appropriation was allocated to fund the State Route 710 Affordable Sales Program (SR 710 ASP). The SR 710 ASP provides loans for low- and moderate-income residents of certain Caltrans owned properties in Los Angeles, South Pasadena, and Pasadena to preserve and expand the supply of low-and moderate-income housing and to prevent the displacement of current residents.

- **Forgivable Equity Builder Loan Program**: The remaining **$88 million** was allocated for purposes of the Forgivable Equity Builder Loan Program, which offered 10 percent down payment and closing cost assistance in the form of a forgivable loan for households earning 80 percent Area Median Income (AMI) or less.

Approximately $5.4 million in funds for the Forgivable Equity Builder Loan Program remain. Because funding needs for the SR 710 Affordable Sales Program are expected to exceed the original allocation, CalHFA staff request that all remaining Forgivable Equity Builder Loan Program funds be transferred to support the SR 710 Affordable Sales Program.

Forgivable Equity Builder Loan Program

The Forgivable Equity Builder Loan Program opened on April 4, 2022.

Qualifying homebuyers were eligible for a forgivable loan amounting to the lesser of 10 percent of the home purchase price or appraised value to be used for down payment and closing costs. The forgivable loan was offered at zero percent interest, with deferred payments for the life of the first mortgage and repayment due upon sale or refinance of the home if that sale or refinance occurs within five years of the original purchase.

If the borrower occupies the home for a full five years, the entire amount of the loan is forgiven. If the home is sold or refinanced prior to the end of the five-year term, the forgiveness amount will be prorated on an annual basis over the five-year period.

Over the course of the program, CalHFA helped over 2,000 low-income Californians access the dream of homeownership. CalHFA closed the program on November 30, 2022, as available funds neared exhaustion.

Accounting for fallout during the loan closing and escrow process, interest earnings, unused administration funds, and repayments, CalHFA currently has approximately $5.4 million in available Forgivable Equity Builder Loan Program Funds.

State Route 710 Affordable Sales Program

The SR 710 Affordable Sales Program is a continuation of an existing partnership between CalHFA and Caltrans to dispose of surplus residential properties owned by Caltrans in the cities of Los Angeles, South Pasadena, and Pasadena.

Background

Over 40 years ago Caltrans began acquiring property to make way for a freeway extension along State Route 710 (SR-710), including over 400 single and multifamily residences. When the SR-710 project stalled and Caltrans no longer needed to retain many of these properties, the Legislature passed SB 86 (Roberti) adding Government Code sections 54235 through 54238.7 (the "Roberti Act") setting forth the priorities and procedures for disposing of these surplus residential properties.

The Roberti Act (as subsequently amended by SB 51 (Durazo) established key requirements of the SR 710 Affordable Sales Program, including the priority by which homes would be offered to prospective buyers, the sales price, and ongoing affordability restrictions. Generally, Caltrans owned properties must be first offered to current low- and moderate-income tenants (collectively "LMI households") at a sales price affordable to those households based on their income.

CalHFA Role

The provisions of the Roberti Act presented challenges for prospective LMI buyers to obtain financing. To address this problem, CalHFA worked with Caltrans and a private sector lending partner to design a program that will offer financing to these borrowers. The CalHFA Board allocated $12 million in SB 129 funds for this purpose.

For the current phase of the SR 710 Affordable Sales Program, Caltrans requested that CalHFA finance the sale of up to 157 remaining properties eligible for sale to LMI households.

As of June 2025, CalHFA preapproved 77 borrowers for a total loan amount of nearly $10 million. CalHFA expects to preapprove a maximum of 81 additional borrowers, for an estimated additional loan amount of $10.6 million, resulting in a projected total loan amount of $20.6 million. It is important to note that all 81 properties remaining may not be included in the program, and therefore total funding needs remain uncertain.

SB 129 Funding Reallocation Request

Because it appears that funding needs for the SR 710 Affordable Sales Program will exceed the original $12 million allocation, CalHFA staff request that the Board approve Resolution 25-21 authorizing the transfer of all SB 129 funds remaining from the Forgivable Equity Builder Loan Program to the SR 710 Affordable Sales Program.

CalHFA will continue to monitor loan preapprovals for the SR 710 program and will work with Caltrans to identify additional sources of funds if needed.

BOARD OF DIRECTORS
OF THE CALIFORNIA HOUSING FINANCE AGENCY

RESOLUTION NO. 25-22

RESOLUTION AUTHORIZING THE REALLOCATION OF UNCOMMITTED FUNDS, REPAYMENTS AND ACCRUED INTEREST FROM THE FORGIVABLE EQUITY BUILDER PROGRAM TO THE STATE ROUTE 710 AFFORDABLE SALES PROGRAM AND OTHER APPROVED HOMEBUYER ASSISTANCE PROGRAMS

WHEREAS, Pursuant to the Budget Act of 2021, as amended by Senate Bill No. 129 ("SB 129"), the Legislature appropriated $100,000,000 from the General Fund to the California Housing Finance Agency ("Agency") for homebuyer assistance programs benefiting low- and moderate-income households;

WHEREAS, by Resolution No. 22-01, the Board reauthorized the Agency's participation in the State Route 710 Affordable Sales Program (SR-710 ASP) and authorized the use of up to $12,000,000 of the SB 129 funds for homebuyer loans under that program;

WHEREAS, by Resolution No. 22-02**,** the Board allocated the full $100,000,000 in SB 129 funds as follows:(1) $12,000,000 to the SR-710 ASP, and (2) $88,000,000 to the Forgivable Equity Builder Program;

WHEREAS, Approximately $5.4 million in funds allocated to the Forgivable Equity Builder Program remain uncommitted. Because projected funding needs for the SR-710 ASP are expected to exceed the original $12 million allocation, CalHFA staff recommend that all remaining Forgivable Equity Builder Program funds be reallocated to support the SR-710 ASP and other approved homebuyer assistance programs;

WHEREAS, the Agency desires flexibility to maximize the impact of these appropriations by reallocating any uncommitted or repaid funds, including accrued interest from the Forgivable Equity Builder Program to the SR-710 ASP and other approved homebuyer assistance programs, which remains consistent with the legislative purpose of providing homebuyer assistance to income-qualified households;

NOW, THEREFORE, BE IT RESOLVED by the Board, in consideration of the above, as follows:

1. Authorization to Reallocate Uncommitted Funds. The Board hereby authorizes the Executive Director or other authorized officers to reallocate any uncommitted or unobligated balance of the $88,000,000 originally allocated to the Forgivable Equity Builder Program under Resolution No. 22-02, in whole or in part, to the SR-710 ASP and other approved homebuyer assistance programs for the purpose of supporting eligible homebuyers.

2. Authorization to Reallocate Repayments and Accrued Interest. The Board further authorizes the Executive Director or other authorized officers to utilize any repayments, recaptured funds, or returned principal, including any accrued interest received under the Forgivable Equity Builder Program, to fund homebuyer assistance activities under the SR-710 ASP and other approved homebuyer assistance programs.

3. Program Changes. The Board hereby authorizes the Executive Director or other authorized officers to adjust day-to-day activities in the SR-710 ASP and other approved homebuyer assistance programs receiving funds under this resolution, in order to attain the goals and objectives consistent with each respective program's purpose.

SECRETARY'S CERTIFICATE

I, Claire Tauriainen, the undersigned, do hereby certify that I am the duly authorized Secretary of the Board of Directors of the California Housing Finance Agency, and hereby further certify that the foregoing is a full, true, and correct copy of Resolution No. 25-22 duly adopted at a regular meeting of the Board of Directors of the California Housing Finance Agency duly called and held on the 17th day of July 2025, at which meeting all said directors had due notice, a quorum was present and that at said meeting said resolution was adopted by the following vote:
