¹The interest rates are those in effect on the date shown. The down payment assistance loan interest rates are calculated as simple interest per annum. However, all of the rates shown are subject to change without notice. CalHFA does not lend money directly to consumers. CalHFA works through and uses approved private lenders to qualify consumers and to make all mortgage loans. The fees consumers pay could be different depending on the lender and the program.

²Lenders who obtain a reduced interest rate reservation for low income applicants who are subsequently determined to have an annual income that exceeds the low income limit will be offered the interest rate for moderate income families, assuming they meet CalHFA's moderate income limits.

³Rates quoted for Nonprofit and/or SHBAP developers are offered only through the BLOCK Program. Nonprofit and/or SHBAP developers may use 180-day locks; however, the interest rate will be set at the rate available at time of lock.
