Can my borrower pay for the cost of the CalHFA Conventional rate lock extension?

Yes. The borrower(s) or seller(s) may be charged with the cost of the extension fee for the first mortgage, however you must follow TRID fee requirements. At the time of purchase by CalHFA's master servicer, the rate lock extension fee(s) are to be net funded from the lender's proceeds. Late fees on subordinate loans may not be charged to the borrower(s) and will be net funded at the time of purchase by CalHFA.

What if the borrower changes properties? Can I cancel the existing reservation and re-reserve the CalHFA Conventional?

Yes, reservations are borrower, property and lender specific. If the borrower changes properties, the existing reservation must be cancelled before a new reservation is made. The underwriting and program guidelines in effect at the time of the re-reservation will apply.

My borrower had a loan reservation with another lender, but now they want to go through me. Can I reserve the CalHFA Conventional?

If the rate was not locked on the other lender's reservation, the new lender may reserve the loan once the previous reservation is cancelled by the original lender. If the rate was locked by CalHFA, the new lender may reserve the loan after the sixty (60) day wait period from the original rate lock expiration.

Does the CalHFA Conventional need to be delivered to the master servicer by the rate expiration date?

No. The loan must be delivered and purchased by the master servicer prior to the rate lock expiration date. CalHFA suggests loan delivery by the 45th day for sixty (60) day rate locks or the 75th day for ninety (90) day rate locks, or earlier to ensure time to clear conditions and purchase prior to expiration date.

How often does the master servicer purchase for CalHFA Conventional?

The master servicer will purchase approved loans on a daily basis.
